Percentage: **81.60**

Secondary (X), Bhagat Public School, Sirsa ,Haryana 2018
Percentage: **86**

SKILLS

Technical Skills: React, JavaScript, HTML, CSS, MongoDB, Git, Java

TRAININGS

JavaScript May 2024 - June 2024
Apna College *Online*

- Successfully completed online course on JavaScript, mastering core concepts
- Gained a strong foundation in JavaScript, including features, DOM manipulation, and asynchronous programming.

Python March 2023 - August 2023
Intershala *Online*

- Programming with Python, covering key concepts like Python basics, object-oriented programming (OOP), and GUI development with Tkinter
- Developed Python applications in various disciplines, including a final project that utilized core Python principles and Tkinter for GUI development.

PROJECTS

Simon Says Game. Developed an interactive web-based game using HTML, CSS, and JavaScript. In this game players must replicate a sequence of colors that progressively become more complex. ([Simon-Says-Game](#))

TrecTutor. The platform integrates with various APIs to provide real-time travel information, recommendations, and a live map feature to enhance the user experience. ([TrecTutor](#))

Spotify Clone (Frontend). Created a frontend clone of the Spotify web interface using HTML and CSS. The project replicates key UI elements such as navigation, playlists, and music player controls. ([Spotify](#))

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in Intercollege Cricket Tournaments, representing the college team in two competitive events. Developed strong teamwork, leadership, and strategic decision-making.
- Passionate about creating drawings and exploring artistic techniques .
